Membership Brochure

Plug in to the Electrical Industry!

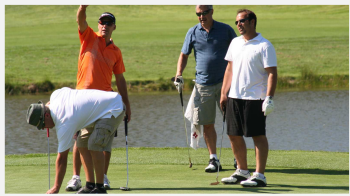

HISTORY

The Electric League of the Pacific Northwest is an association of electrical industry businesses with a mission to *promote the common business interests and improve the business conditions of the electrical industry*. For most of a century there has been an active electrical group in the Puget Sound area with the earliest records dating back to 1916.

MEMBERSHIP

Electric League membership is composed of utilities, electrical contractors, distributors, manufacturers, manufacturer's reps, engineers, and allied associates.

Members of the Electric League join forces with industry peers to strengthen the business community, promote continuing education, network within the industry, and develop lasting friendships and memories that enhance the work environment.

Electric League Golf Classic

BENEFITS

Networking

The Electric League hosts general meetings, social networking events, and continuing education courses. Events include:

- Monthly general meeting with a luncheon and a speaker
- Monthly Electrical Code and Standards meeting
- Facility tours
- Emerald Downs and Mariners events
- Electric League Golf Classic
- Holiday Party

All members are encouraged to attend meetings and events and guests are more than welcome!

Continuing Education classes

Medical, Dental and Vision Benefits

Industry Directory

The League website offers an online Buyers' Guide and Membership Directory which lists companies, products and services two ways: individually and by company.
