

**ELECTRIC LEAGUE**  
OF THE PACIFIC NORTHWEST

**Codes and Standards Meeting Minutes**

**Wednesday, November 11, 2024**

Brook Walker

Jimmy Matuszak

Steve Gale

Bob Fuhr

Dan Steinert

David Rankin

Ashli Bush

Dennis Straley

Rob Marks

**State of Washington L&I/ Dennis Straley**

Discussion of GFCI tripping/appliances. Dennis encourages people to NOT depend on Google/YouTube for DIY instructions because they don't necessarily conform with state rules and regulations.

**City of Bellevue/Chuck Murray - Not Present**

**City of Seattle/Dave Rankin**

Seattle Electric Code goes into effect on November 15, 2024.

The city continues to see more office conversions to multi-family units.

A plethora of energy storage systems are being installed in Seattle. The Seattle Fire Department is taking a close look at these systems to make sure they're safe. PV systems rated 12KW and above must be reviewed by SFD. SFD has also weighed in on EV chargers and has asked for a safety disconnect within 25 feet of chargers.

220.70 Energy Management Systems discussion – Dennis provided Lnl's interpretation.

**Snohomish PUD/Rob Marks**

SnoPUD received a 30 million grant from DOE for grid resilience. This grant will be used for lower income/less served communities. It will help fund quick switching and wildfire resilience.

Mid-stream HVAC incentives are going away. Looking at partnerships with PSE depending on the results of the Nov 2024 election.

**IEEE/Cameron Clark – No report**

**UL/Chris Jensen** – Not present

**ELPN/Brook Walker**

Overview of 2025 presentations

Next meeting Wednesday, December 11, 2024
